

RCM+ Rack Mounted Vertical Cable Manager With Cover cont. Double Sided Dual Density Style

- SB864 Series cable managers utilize our SB860 and SB862 Series cable managers in back-to-back combination for use in applications with widely differing cable management requirements.
- Front and rear vertical sections can be spaced apart when mounting on racks deeper than 3" (76mm). This allows cables to be routed out through side openings created between the vertical sections.
- Two-piece doors on one side with snap on hinges allow for quick opening from either side or complete removal.
- Snap-on gates on both sides allows for quick opening from either side or complete removal.
- Open back design allows unrestricted routing of cables between front and rear sections.
- Installation is easy and can be done in minutes using standard hand tools.
- 1/4" accessory mounting holes run the full height on both sides of cable manager to accommodate the attachment of cable management accessories.
- Optional back cover with pass through openings and vertical slots for attaching cable straps. (See page 92).
- UL Listed as a Communication Circuit Accessory. File No. E171936.
- Material: Aluminum with UL 94V-0 black plastic components
- Finish: Flat Black Powder Coat (FB) or Silver Powder Coat (SL)
- Vertical cable manager includes:
(2) vertical cabling sections, (2) doors, (50) push-in fasteners, (12) cable strap mounts, (4) cable retainer bars, required number of gates and mounting hardware.

Finish__ : Flat Black Powder Coat (FB) or Silver Powder Coat (SL)

Popular Bee List items include (FB) 84" high in 3⁵/₈", 6" and 10" widths

- A = Height of RCM+ vertical section without doors
- B = Height of RCM+ vertical section with doors properly installed
- C = Distance between the floor and the lowest part of the properly installed door
- D = Distance between the top of the rack and the top of the RCM+ cable manager
- E = Distance between the top of the rack and the top of a properly installed door
