

Pipe Hanger ITM Files

for Compatibility with Autodesk
Fabrication CADmep

Eaton now offers ITM content files for B-Line series pipe hanger products that are compatible with Autodesk Fabrication CADmep. These files, which include Harrison codes for pricing, enable contractors to easily design and estimate their project from conception to fabrication phase.

- Models available for free download
- Pipe hanger models include: Clevis hangers, band hangers, pipe clamps, riser clamps, rollers, shields, etc.
- Compatible with Autodesk 2016 and prior 3 years
- Harrison ID code for pricing included
- Visit www.eaton.com/PHAutodesk for more information
