Spring Steel Fasteners

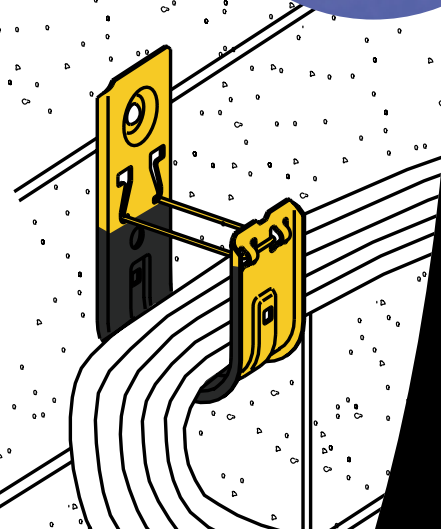

## INTRODUCING THE X-Hook™

### Features

-  **Xylan®** coating provides a smooth frictionless surface
-  **Ideal for pulling cable**
-  **Great for use in corners drop-outs or any direction change in the cable run**
-  **X-Hook™** has a lower coefficient of friction than Teflon®
-  **Includes Qwik-Latch™** cable retainer

**Cable rollers are too expensive and require installation and removal**
