

Wire basket installation provides extreme flexibility.

Redi-Rail tray for larger loads

## New Efficient Way to Install Flexible Piping!

Cooper B-Line's Wire Basket and Redi-Rail® Trays offer easier installation and on-the-job adaptability!

Fast and easy to install, Cooper B-Line Wire Basket® and Redi-Rail® support trays are the perfect solution for supporting flexible gas piping, water and beverage supply lines. Simple installation and the ability to add or remove lines when needed means faster install times, easy on-site adjustments and easy access for maintenance. For more information, contact your local Cooper B-Line Rep, or visit our website.
