ACE-EXACTA SERIES, PENDANT MOUNT
FLUORESCENT LUMINAIRES
Installation & Maintenance Information

SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE

**CAUTION** Read carefully before installing and wiring the luminaire.
These instructions include information for installation in both hazardous and
ordinary locations. Any warning or special instructions should be closely
followed. Hazardous area installations should be done in accordance with article
500 and 501 of the NEC or CEC. Intended for vertical mounting. Check the
ratings to insure suitability for the area.

**INSTALLATION & ELECTRICAL WIRING**

**WARNING** Risk of electrical shock hazard, only qualified personnel should conduct this procedure!
Do not make electrical connections with the power ON. Use Cu or Cu clad wire only, rated for 90°C.

1. Thread the pendant hood (0A) onto conduit or fitting, tighten securely
   and lock into position with set screw (9H).
2. Route supply cable thru conduit or fitting.
3. Strip the supply cable(s) jacket (not provided) back approximately 3".
4. Strip the insulation of the supply wires back approximately 3/8".
5. Attach ground wire to the green screw (9D) in pendant hood (0A).
6. Using connectors rated 90°C, connect the hot wire to black and the
   neutral to the white wire.
7. Push connections inside pendant hood (0A).
8. Align the holes in socket bracket (5A) with pendant hood (0A) holes.
   Install screws (9B) ( qty 2, #8-32) in place and tighten approximately
   10 in-lbs.
9. Thread the housing (1A) on clockwise onto junction box (0A) and
   tighten firmly by hand.

**CAUTION** Use only compact fluorescent lamp to lampholder type and
wattage rating indicated on the luminaire. Exceeding this can cause over
heating, premature failure and be dangerous.

10. Install the lamp (4B) into the lampholder (4A).
11. Thread the glass globe (1C) on clockwise into the housing (1A), and
    tighten firmly by hand until the globe stops and seats well against the
    globe gasket (7A).
12. Thread the guard (2A) on clockwise and tighten firmly by hand.
   For cast guard, lock in position with set screw (9G).
