Eaton's Crouse-Hinds HomeRunner™ Junction Boxes are designed specifically for commercial construction applications to provide a spacious, flexible junction box for terminating home runs and other electrical wiring. Its patented clamping design and flexibility make it the most convenient, labor savings junction box available.

Features:
- Designed and approved for use with AC, MC, MCI-A, NM or EMT
- Patented clamping feature eliminates the need for field punching/drilling of KOs and installation of connectors
- Standard surface or flush cover options - eliminates the need for custom covers
- Multiple mounting holes and knockouts for installation flexibility
- Optional stud bracket for direct mounting to steel or wood studs
- Kick stand far side support available with HR080803
- Available in 2 sizes to match customer requirements and preferences
- Third party certified for US and Canada

Certifications & Compliances:
- For US & Canada: CSA File #248782
- Certified to UL50 & UL514B and CSA C22.2, No. 18.3-04 & No. 40-M1989

Standard Materials:
- Enclosure and cover - pre-galvanized steel
- Hardware - zinc plated steel

Dimensions:
- 8” x 8” x 3”
- 12” x 12” x 4”
HomeRunner™ Box

Features:

1. Patented clamping system - provides maximum flexibility and maximum grip. Third party certified for use with AC, MC, MCI-A or non-metallic sheathed cable.

2. Welded steel construction - provides strong, dependable service and large cubic capacity for ease of wiring.

3. Combination eccentric knockouts - on sides for quick & easy access, combination KO’s in the back of the box are ideal for applications where joist spacing is too tight for side entry.

4. Terminal cup washer and flanged nut - quick, easy service ground termination or attachment of grounding bus-bar.

5. 2 cover options - square for surface mounted applications or oversized for flush mount applications.

6. Extensive mounting flexibility - pre-drilled holes in side and back for direct mounting or for mounting bracket (purchased separately).

7. Far-side support - snaps on quickly and easily and is perforated which allows for adjustment in dual thickness, fire-rated walls. Shipped standard with 8” x 8” x 3” models.
