SeleCCTable™ LED Direct Mount Collection

5 seleCCTable™ colors

RL Recessed Downlight Direct Mount

EATON
Powering Business Worldwide
The SeleCCTable technology puts flexibility at your fingertips. By using the switch located on the driver junction box, the user can choose from a range of five color temperatures 2700K - 5000K.
The RL direct mount is an LED downlight with a remote driver / junction box ideal for new construction and renovation work.

Simplified installation in drywall or suspended ceilings eliminates recessed cans saving time and money.

Distribution patterns work well in low to medium ceiling heights, applications are virtually universal including living and dining areas, bedrooms, closets, hallways, bathrooms, kitchens, basements, soffits, entryways and porches.
The RL Direct Mount installs into a standard hole saw size cutout and is retained securely in place with springs.

The driver junction box installs through a cutout and can be positioned remotely from the fixture fitting. The keyhole slots facilitate attachment to the building structure.

New Construction Mounting Frame

The new construction mounting frame locates the fixture fitting during electrical rough-in. Halo’s patented Got Nail! bar hangers are pre-installed support the mounting frame along rails.
During electrical rough-in, the driver / junction box attaches to the mounting frame with captive fasteners meeting code requirements for attachment to the building structure.
• 600 Series: up to 621 lumens
• Use to replace 60W PAR16, 50W PAR20 or 40W R20 lamp
• 2700K, 3000K, 3500K, 4000K, 5000K CCT all in one
• 90 CRI
• 600 Series: 8.7W, 120V
• L70 @ 70,000 hrs
• HALO matte white finish
• Requires no housing or junction box
• Aluminum jbox IC rated
• Aluminum jbox includes (2) 1/2″ conduit pry-out & (2) Slide-N-Side
• Can be installed in 1/2″ to 1-1/4″ thick ceilings
• Dimmable to 5% with select dimmers
• Damp and wet location listed (shower rated)
• Rated for IC, ICAT and may be used in Non-IC housings
• AIR-TITE™ certified per ASTM-E283
• Diffusing, regressed lens
• Five-year limited warranty

1. Lumens per selected CCT
2. CCT - Correlated Color Temperature

Savings are over the life of the HALO RL4-DM luminaire. (600 series)
Energy savings: $306
Replacement lamp savings: $88
Savings based on $0.128 per kilowatt hour, average six hours use per day, 70,000 hours of lamp usage, and 60W PAR16 lamp lumen equivalent.

Eaton dimmers offer versatile options to set the mood and reduce energy consumption. These compatible LED dimmers are ideal for both residential and light commercial applications and are compatible with decorator (screw-less) style devices and wallplates. Refer to www.eaton.com for additional information.
