APX/APXH Polycarbonate LED Exit

The APX series is a fully code compliant, polycarbonate LED solution for exit needs. The series has universal mounting flexibility (ceiling, wall, end), is configurable to single or double-sided, and is available with red or green letters. Options include a white or black housing and remote capacity that can power the APWR LED remote series.

### Features
- LED source with nickel cadmium battery
- Universal mount; single or double sided
- Optional remote capacity to drive 2 or 4 LED heads

### Benefits
- Up to 10 years with no maintenance
- Ease of ordering & installation
- Design flexibility; labor and material savings

### Certification/Warranty
- UL 924 damp location listed
- NFPA/NEC/OSHA/CEC code compliant
- 5 year product warranty
- 7 year prorated battery warranty

The APC series is a fully code compliant, polycarbonate LED solution for exit and emergency needs. The series has universal mounting flexibility (ceiling, wall, end), is configurable to single or double-sided, and is available with red or green letters. The LED emergency heads can be side or top mounted and will run for a minimum of 90 minutes. Options include a white or black housing and remote capacity that can power the APWR LED remote series.

### Features
- **LED source with nickel cadmium battery:** Up to 10 years with no maintenance
- **Universal mount; single or double sided:** Ease of ordering & installation
- **Optional remote capacity to drive 2 or 4 LED heads:** Up to 50 feet of indoor/outdoor egress coverage

### Benefits
- **LED source with nickel cadmium battery:** Up to 10 years with no maintenance
- **Universal mount; single or double sided:** Ease of ordering & installation
- **Optional remote capacity to drive 2 or 4 LED heads:** Up to 50 feet of indoor/outdoor egress coverage

### Certification/Warranty
- **UL 924 damp location listed**
- **NFPA/NEC/OSHA/CEC code compliant**
- **5 year product warranty**
- **7 year prorated battery warranty**

The APEL series is a fully code compliant, polycarbonate LED solution for emergency needs. The LED emergency heads will run for a minimum of 90 minutes. The universal j-box mounting pattern and snap fit housing construction significantly reduce installation time. Options include a white or black housing and remote capacity that can power the APWR LED remote series.

**Features**

- LED source with nickel cadmium battery
- Adjustable heads
- Optional remote capacity to drive 2 LED heads

**Benefits**

- Up to 10 years with no maintenance
- Design flexibility
- Up to 34 feet of indoor/outdoor egress coverage

**Certification/Warranty**

- UL 924 damp location listed
- NFPA/NEC/OSHA/CEC code compliant
- 5 year product warranty
- 7 year prorated battery warranty

The EBPLED series enables electrical contractors to add a UL924 code compliant emergency option to an existing LED fixture. While compatible with almost any LED fixture that has an accessible driver, this series offers guaranteed quality and compatibility with Eaton products.

**Features**
- Field installable
- Satisfies all wiring configurations as conduit and test button are included
- 7 watt or 14 watt output creates 600 to 2500 lumens in emergency mode
- Laser test feature enables simplified NFPA testing

**Benefits**
- Meet emergency code with no aesthetic impact
- Design ease; less SKU’s to stock
- Design flexibility; superior egress coverage
- Labor savings

**Certification/Warranty**
- UL 924 Classified
- NFPA/NEC/OSHA/CEC code compliant
- Guaranteed compatibility w/Eaton Fixtures
- 5 year product warranty
- 7 year prorated battery warranty
