Rival Series
Exit / Emergency Lighting
The Rival Series
A Quality Line of NYC Approved Emergency Lighting

The AtLite Rival Series is a complete family of exit and emergency lighting fixtures that have been designed to offer both performance and value. All products listed in this brochure are UL listed and approved for use in New York City.

Features + Benefits

**LED Technology**
- Energy-efficient, long-life LEDs
- Both exit sign and emergency lighting products available with LED lighting

**Multiple Remote Head Capability**
- Emergency light units run up to eight LED emergency light heads
- Combination units run up to four LED emergency light heads
- Use of LED remote heads ensures lowest-cost solution for emergency egress lighting

**Expanded Combination Exit and Emergency Offering**
- Single and double face options
- Double and triple LED emergency head attachments

**Enhanced Aesthetics**
- Exit signs and emergency light units feature thin profiles

Lowest Cost Solution

- LED emergency lighting with remote capability provides equivalent egress lighting at over 10% reduction in cost
- Nickel cadmium battery lasts longer than the traditional lead acid battery
- Lamps and batteries are maintenance-free for over 10 years
Emergency Egress Solution (No Remote Units)
Three Incandescent Fixtures to Light 48´

Emergency Egress Solution (LED Dual Head Remote Capability)
One LED Fixture and Three Double LED Remotes to Light 48´.....10% SAVINGS

Emergency Incandescent Head Spacing
One Incandescent Head  Two Incandescent Heads  Three Incandescent Heads

Emergency LED Head Spacing
One LED Head  Two LED Heads  Three LED Heads
LED Steel Combo

Features
- Illuminated by a field-replaceable, high-brightness LED strip
- Extra capacity available for use with remote fixtures
- Capacity to run a maximum of three emergency lights along with two remote emergency light heads
- Option of single or double face for maximum flexibility
- Dual voltage input 120/277 VAC, 60 Hz
- Heavy-duty 20 gauge steel housing and face plate
- White powder coat finish

Energy Data
Input power:
120V = 5.2W
277V = 6.2W
Input current (max):
120V = 0.06A
277V = 0.06A

Notes:
1 LED combo has a four LED head max capacity
Features
- Long-lasting, high-efficiency LED heads
- Extra capacity available for use with remote fixtures
- Capacity to run a maximum of three emergency lights as part of the emergency light unit along with six remote emergency light heads
- Designed to provide the lowest overall solution cost.
- Dual voltage input 120/277 VAC, 60 Hz
- Brown-out protection, and low voltage disconnect
- Heavy-duty 20 gauge steel housing and face plate
- White powder coat finish

Energy Data
Input power:
- 120V = 5W
- 277V = 5W
Input current (max):
- 120V = 0.05A
- 277V = 0.03A

1. Lead calcium batteries include a 5-year pro-rata warranty.
LED Remote Heads

Features
- High-impact, engineering-grade thermoplastic construction
- Highly polished reflector provides abundant emergency lighting to the egress surface when connected to an emergency battery source
- Available in both single and double head options

Energy Data
Input power:
DC Voltage = 9.6V

Dimensions

Features
- Anodized aluminum housing/faceplate
- Clear acrylic panel
- Dual voltage input 120/277 VAC, 60 Hz
- Long-life, energy-efficient LEDs
- Sealed nickel cadmium batteries with 15-year life expectancy
- UL damp location listed (indoor)
- Universal, field-installed chevrons
- Ceiling, wall or end mounting

Energy Data
Input power:
- 120V = 3W
- 277V = 3W
Input current (max):
- 120V = .025A
- 277V = .011A

Dimensions
REUS Series
- Single face = clear background / Double face = mirrored background
- Nickel cadmium batteries include a 15-year pro-rata warranty
- Surface version
- Dimensions for 8” letter sign

Ordering Information

- REU=Rival Edge-Lit
Mounting
- R=Recessed (Accessible Ceiling Only)
- S=Surface
Battery
- A=AC Only
- N=Self Powered
Face Options
- 18= Single Face, 8” Letters
- 28=Double Face, 8” Letters
Letter/Background Color
- R=Red Letters
Die-Cast Exit Signs

Features
- Die-cast aluminum housing with canopy
- Brushed aluminum face
- Dual voltage input
  120/277 VAC, 60 Hz
- Long-life, energy-efficient LEDs
- Premium sealed nickel cadmium batteries with 15-year life expectancy
- UL damp location listed (indoor)
- Universal, field-selectable chevrons
- Ceiling, wall, end mounting

Energy Data
Input power:
120V = 2.3W
277V = 2.7W
Input current (max):
120V = .025A
277V = .012A

1 Nickel cadmium batteries include a 15-year pro-rata warranty.
Features
- Heavy-duty 20 gauge steel housing with canopy
- White powder coat finish
- Dual voltage input 120/277 VAC, 60 Hz
- Long-life, energy-efficient LEDs
- Sealed nickel cadmium batteries with 15-year life expectancy¹
- UL damp location listed (indoor)
- Universal, field-selectable chevrons
- Ceiling, wall, end mounting

Energy Data
Input power:
120V = 5W
277V = 5W
Input current (max):
120V = .041A
277V = .018A

Dimensions
RXS Series

Ordering Information
Sample Number: RXSN8RU

¹ Nickel cadmium batteries include a 15-year pro-rata warranty.
Steel Combo

Features
• Heavy-duty 20 gauge steel housing
• White powder coat finish
• Dual voltage input 120/277 VAC, 60 Hz
• Long-life, energy-efficient LEDs (exit sign)
• Three powerful 12W incandescent lamps (emergency heads)
• 36W sealed lead calcium batteries with available remote capacity¹
• UL damp location listed (indoor)
• Universal, field-selectable chevrons

Energy Data
Input power:
120V = 12.7W
277V = 14.3W
Input current (Max):
120V = .115A
277V = .056A

Dimensions
RCS Series

Ordering Information
Sample Number: RCS8R3

1 Lead calcium batteries include 5-year pro-rata warranty. 12W remote capacity available with two 12W lamps attached to fixture.
Steel Emergency Lights

Features
- Heavy-duty 20 gauge steel housing
- White powder coat finish
- Dual voltage input
  120/277 VAC, 60 Hz
- Available in both 6V and 12V models
- Powerful incandescent lamping
  - 6REL18 includes (2) 9W heads
  - 6REL27 includes (2) 12W heads
  - 12REL50-3 includes (3) 12W heads
- Sealed lead calcium batteries¹
- UL damp location listed (indoor)

Energy Data
6REL18:
Input power:
  120V = 7.1W
  277V = 8.0W
Input current (max):
  120V = .066A
  277V = .031A
6REL27:
Input power:
  120V = 7.1W
  277V = 8.0W
Input current (max):
  120V = .066A
  277V = .033A
12REL50-3:
Input power:
  120V = 7.0W
  277V = 8.4W
Input current (max):
  120V = .165A
  277V = .072A

¹ Lead calcium batteries include a 5-year pro-rata warranty.
