

# Maximizing Prop 39 Funds

## Energy Saving Upgrades for Schools

**Cooper Lighting**  
by **EAT•N**

# Prop 39

California Clean Energy Jobs Act: Under this initiative, roughly 550 million dollars annually is available to be appropriated by the legislature for eligible projects to improve energy efficiency and expand clean energy generation. A large portion of this has been awarded to local education agencies. Which include county education offices, school districts, charter schools and state special schools for energy efficiency and clean energy products and initiatives.

## SkyRidge LED Series: Head of the Class

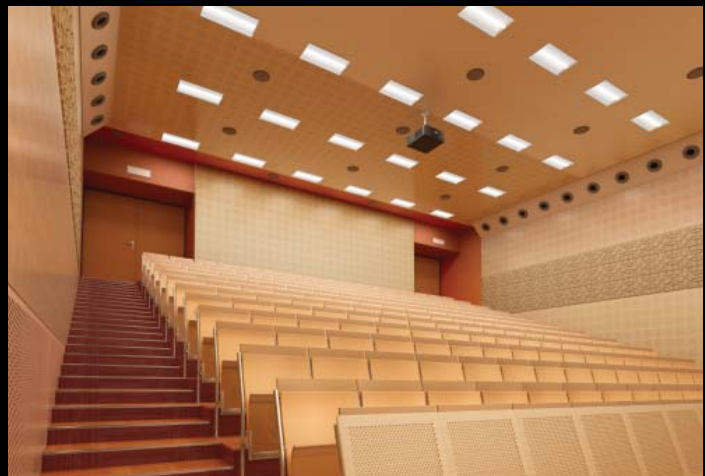

Elegant, efficient, affordable. The SkyRidge™ Series sets a new industry standard by offering a stylish and affordable LED alternative to fluorescent fixtures. Patented WaveStream™ LED technology provides unmatched levels of optical performance and energy efficiency.

### SKYRIDGE savings example:

Cat No: 24SR-LD1-48-C-UNV-L835-CD1-U

- 49W replaces 82W Fluorescent
- Lasts 50,000 hours
- **Over 41% energy savings**

# Upgrade and Save

Maximize your **Proposition 39 funds** with lighting and controls upgrades that offer immediate energy savings and better performance for your school. Cooper Lighting is a world leader in the manufacture of energy-efficient lighting fixtures that are sure to meet the needs of your project by providing energy solutions that will work for your school and community.

We are committed to developing new technologies that improve efficiency, reduce costs, enrich the quality of life, and protect the environment. Today, we are at the forefront in transforming the lighting industry and are working harder than anyone to provide you with the innovations, technology and resources to meet the energy challenges of the future.
