FPanel LED panel series provide premium performance and pleasing aesthetics. The luminaire is optimized for shallow plenum grid ceilings but may also be surface or suspension mounted. Developed using Eaton’s latest generation of solid-state components and electronic driver technologies, these panels are ideal for both new construction and renovation of existing fluorescent troffers. The panel’s refined visual optics and integrated grid retention clips provide the features needed for installation, speed and flexibility. LED FPanels are an excellent lighting solution for commercial office spaces, schools, healthcare facilities and retail merchandising areas.

- **Low profile perfect for renovation or new construction**
- **Contractor friendly, quick and easy install**
- **No maintenance required**
- **Smooth, uniform, glare-free illumination**
- **Buy with confidence - proven Metalux quality**
Durable construction

- Impact and scratch-resistant lens with acrylic light guide
- Rigid steel frame and extruded aluminum bezel
- No maintenance - tight seams and no perimeter openings
- T-grid clips and suspension anchors included

Fast/simple install

- Wire and wire nuts provided - easy to connect fixture to circuit and fixture to fixture
- Multiple trade size KO on large wiring channel to ease installation
- Additional LV wire provided to enable field installed emergency back up

Architectural appeal

- Consistent color with E0 CRI and 90 CRI options
- Versatility for retail, office, schools and healthcare applications
- Superior Optics with frosted lens provides smooth, even illumination
- CRI >80
- CRI >90
- 3500K, 4000K, 5000K
- 3000K
- COLOR RENDERING
Performance

High lumen options enable use in high ceilings
True replacement of two and three lamp troffers with T8, T5 or BX40 lamps
Long-life LED system lasts over 20 years with TM21 rating of L73, 60,000 hours
Standard 120-277V with 0-10V 10% dimming
Five-year warranty
